**February 17 ~ Sixth Sunday in Ordinary Time**

We hear the Beatitudes proclaimed in today's gospel. The text is so familiar, it is easy for our thoughts to drift off and not really hear what Christ is saying. Take some time this week to reflect on these Beatitudes. Is there one beatitude that you need to focus on that will enrich your living as a disciple of Christ? Put your trust in him to help you have that beatitude attitude!

## Pastor's Message

### Reflections on the Sixth Sunday in Ordinary Time:

The Beatitudes of today's Gospel announces God's pleasure and relationship to the poor, hungry, sorrowful and the needy. The word blessed first meant that someone is fortunate because he or she is the recipient of divine favor. Blessedness is a matter of keeping our eyes on Jesus. Notice how Jesus spent much time in prayer before He made major decisions. Since Jesus is the second person of the Trinity, He is God and speaks with the authority and voice of God.

Most of us do not have enough time, money, or energy to do all that we would like to do. How do we keep our eyes on Jesus and how do we react to our neediness? The Beatitudes wake us up to the fact that our possessions, our gifts, and talents are to be put to the service of others. The message of the Beatitudes is the invitation to put the Beatitudes into action in our lives. Success is good but people are more important. What do we do with the ways that God has blessed us? Have you nourished and encouraged your dreams or the dreams of someone else today or even lately? With the readings of this day and the coming of Lent, this is a good time to ask such questions.

#### PALLIATIVE CARE

The St. Mary/St. Bernadette Collaborative is pleased to announce a presentation on Palliative Care! This presentation will take place on Sunday March 3<sup>rd</sup> at St. Bernadette Parish at 2 pm.

The *Initiative for Palliative Care and Advance Care Planning* is a recently-established program of the Archdiocese of Boston. Its goal is to provide education, outreach, and advocacy that will create an informed public about palliative care, a multidisciplinary approach to the care of the seriously ill which is patient-centered and family-oriented. The program also supports, promotes and provides education about Advance Care Planning which allows people to discuss and make known their wishes for care in anticipation of a time when they cannot speak for themselves. Most importantly, the Advance Care Planning component of the initiative provides information about how to designate a health care proxy or surrogate decision maker who will be their voice when they can no longer make or articulate their health care decisions.

Palliative care begins the moment of a diagnosis with a life-limiting illness; it is not restricted to end-of-life care. This presentation is perfect for those who are involved with a diagnosis and for their loved ones in this situation. It is also an excellent opportunity for us all to educate ourselves in the hallmark of Catholic health care – palliative care- which is aimed at providing compassionate, high-quality, patient-and family-centered care for the chronically ill and dying by anticipating, preventing and treating suffering. All are welcome to attend this informative presentation.
